Environmental Assessment
DOI-BLM-UT-G021-2015-0031-EA**

Based on the analysis of potential environmental impacts in the Environmental Assessment (EA) DOI-BLM-UT-G021-2015-0031-EA for the November 2013 Oil and Gas Lease Sale and consideration of the significance criteria in 40 CFR 1508.27, I have determined that with applicable mitigating measures, the Proposed Action would not result in significant impacts on the human environment. An environmental impact statement (EIS) is not required.

The decision to approve or deny the above Proposed Action, and if appropriate, a signed FONSI with rationale, will be released after consideration of public comments and completion of the EA.
